### Rates/Charges

Our shipping rates depend on the

- Items being shipped
- Destination
- Gross weight – Inclusive of packaging and/or pallet
- **Volumetric weight:**

**Here is how you get the volumetric weight of a package:**

**Length (cm) X Width (cm) X Height (cm) / 6000 = KG**  
**E.g. 54cm X 39cm X 24cm / 6000 = 8.42 KGs**

- Value – Especially for cleared cargo
- Nature of item – Hazardous vs Non-Hazardous
- Cleared through customs or customer own clearing
- Mode of shipment: Air or Sea

#### AIR Freight:

- Uncleared cargo shipped worldwide
- Customs cleared – Only to Uganda. Rates depend on all factors above, However, for most personal effects the rates start from **£5.49/kg**

#### SEA Freight

- Full container loads shipped worldwide
- Vehicles sent worldwide
- Consolidated shipments to Uganda: Rates depend on all factors above, but for the bulk of personal effects the rates start from **£2.99 /kg** shipped and cleared
